RE: Fee Exemption Statement (County Government)
REF: 0232-EX-ST-2007 / EL647952

Gentlemen,

We believe this experimental STA request is fee exempt because Loudoun County, VA is a country government and this STA will be used to test coverage for a wireless public safety broadband data network.

Please contact Gary McKelvey or myself if you have any questions on this application.

Cordially,

Bill Butler
OCTO Wireless Programs Group /
National Capital Region IP Programs (RWBN)
