Dear Mr. Renuka Jindal:

It has been determined that the parameters for the PulseOn 200 do not match the STA request. The device should comply with the FCC's UWB indoor emission limits even when operated outdoors.

Please submit the FCC ID certification number of the Time Domain PulseOn 200SGT device that will be used in this experiment.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of May 20, 2004 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
