Message:

I recommend
changing the emission designators for the band 19400-19700 MHz as
follows:

Change: 700MF8E To: 220M0F8E

700MF7W To: 220M0F7W

700MF1B To: 220M0F1B

700MF8W To: 220M0F8W

700MF1B To: 220M0F1B <--- Note: This is a duplicate on the license.

This would be consistent with the adjacent band.
