Subject: Request for Info - File # 1226-EX-ST-2020

Message:

Hung Le, this is just a renewal of my existing STA license and it was stated that a SAS would not be required for the trial.

To answer your second question, we will only transmit in the area specified on the original license request which is within one mile of the transmitter (in a 90 degree sector) and the transmitter will only transmit during short intervals when we are in the field testing. All other times the transmitter will be turned off and not transmit.

Please let me know if you need anything else.

Thank you,
Mike Beckner
