

Global Technical Systems is requesting operating license to operate ELTA EL/M 2106NG and EL/M-2026B radar systems at or near our facility located at 784 Lynnhaven Parkway, Virginia Beach, VA.

The purpose of the operating license is in support of Dept of Homeland Security, Customs and Border Protection, Ultra Light Aircraft Detection Program, Contract number HSBP10-13-D-00004

The Operating license will allow GTS to test and demonstrate the effectiveness of the radar in detecting and tracking small radar cross section targets for potential use along the Northern and Southern US Border to deter and detect illicit activity.
