Application Narrative for Proposed Equipment

Proposed Program

ManTech International is proposing GPS within their laboratory building for testing purposes.

Objectives

We seek to accomplish the following objectives:

1. Illumination of the part of the lab facility, located at 13755 Sunrise Valley Dr, Herndon, VA 20171 with a GPS signal to allow for the testing and experimentation indoors for continued exploration of utilizing GPS technologies within their receivers to provide innovative applications and continue to provide safe products.
2. Further design, development and enhancement of existing GPS applications to provide greater efficiency and more effective means of utilizing GPS derived information.
