

Addendum to Form 442 Question 7:

This request is to extend the frequency ranges available for Part 5 experimental station WG2XNI, File number 0020-EX-PL-2013, to include 137 – 138 khz and 465 – 480 khz.

The goals, methods, and experimental program outlined in the original grant 0020-EX-PL-2013 will apply to these additional frequency ranges.
