Re: Special Temporary Authorization Request
File No. 3910-EX-PL-93

We, the Martin Marietta Corporation, would like to request a Special Temporary Authorization (STA) for our Antenna Under Test program. We have filed an experimental request for this program on September 16, 1993. This program is now reaching a critical phase and a need to begin actual tests is important. We would like to request to begin testing on or about December 7th or 8th, 1993.

I have enclosed a copy of the original filing to assist you in the determination for an STA. If you should have any problems or questions, please feel free to call me on (410) 682-0156.

Very Truly Yours,
