You will please find enclosed two completed copies of FCC Form 442, Applications for Modification of Experimental Radio Service Authorizations, **KF2XGY & KC2XJU**, for operations in the vicinity of **Utica, Oneida County, NY**. You will also find the required completed FCC Form 155 and the FCC License Processing Fee, **\$35.00/application**, attached.

The modification being requested at this time is to only reflect a change in the station location. Both stations are being relocated from our facilities on East Broad Street to a new facility located at our East Penthouse on French Road. All remaining technical and administrative data is on file and unchanged from our latest filings for these two authorizations.

If you should have any problems or questions, please feel free to call the undersigned on **(410) 682-0156**.
