Pittsburgh, PA 15251-5320

Re: Application of Matsushita
Communication Industrial Corp.
of America for an experimental
license to develop and test
PCS radio equipment

Dear Mr. Wright:

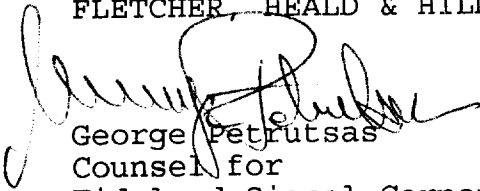

On behalf of Matsushita Communication Industrial Corporation
of America (MCC), we are filing its application for an
experimental/developmental license.

The purpose of the experimental authorization is to permit
MCC to develop, test, and demonstrate the radio equipment for the
new broadband PCS, both licensed and unlicensed.

FCC Form 442 and our check for \$45.00 are attached. Please
communicate with us if you need further information.

Very truly yours,

FLETCHER, HEALD & HILDRETH

George Petrutsas
Counsel for
Tideland Signal Corporation
