

FCC/MELLON MAY 04 1992

Federal Communications Commission  
Washington, D.C. 20554Approved by OMB  
3060-0065  
Expires 12/31/89APPLICANT FOR NEW OR MODIFIED RADIO STATION AUTHORIZATION UNDER PART 5 OF FCC RULES  
EXPERIMENTAL RADIO SERVICE (OTHER THAN BROADCAST)A. Applicant's Name and Post Office address  
(Give street, city, state, and ZIP Code. See Instruction No. 4)MAXUS ENERGY CORPORATION  
717 NORTH HARWOOD #2800  
DALLAS, TEXAS 75201

DO NOT WRITE IN THIS BLOCK

File No. 3118-EX-PL-92

2.(a) Application for (check only one box)

☒ New Station ☐ Modification of existing authorization

2.(b) For Modification indicate below

File No.: Call Sign:

3. Application for modification indicate change in (check all that apply)

☐ Frequency ☐ Emission ☐ Power ☐ Location  
☐ Other particulars (describe below or in attached Exhibit No. \_\_\_\_\_)

4. Particulars of Operation (See instructions below)

| Frequency (State<br>Whether kHz or<br>MHz)<br>(A) | POWER |     |      | EMISSION<br>(F) | MODULATING<br>SIGNAL<br>(G) | NECESSARY<br>BANDWIDTH<br>(kHz)<br>(G) |

- (A) List each frequency or frequency band separately. (If more space is required, attach as Exhibit No. \_\_\_\_\_).
- (B) Insert maximum R.F. output power at the transmitter terminals. Specify units.
- (C) Insert maximum effective radiated power from the antenna (If pulsed emission specify peak power).
- (D) Insert "MEAN" or "PEAK" (See definitions in Part 5).
- (E) List each type of emission separately for each frequency. (See Section 2.201 FCC Rules.)
- (F) Insert as appropriate for the type of modulation:
- (1) the maximum speed of keying in bauds;
  - (2) maximum audio modulating frequency;
  - (3) frequency deviation of carrier;
  - (4) pulse duration and repetition rate.
- For complex emissions, describe in detail in the space provided below.
- (G) Describe how the necessary bandwidth was determined in space provided below.

F3 B.W. = 2 (PEAK FREQUENCY DEVIATION) + 1KHz  
PEAK FREQUENCY DEVIATION = 12 KHz

BPSK B.W. = THIS IS THE 1/2 POWER BANDWIDTH  
OF THE 4800 B.P.S. B1-PHASE SIGNAL

Is this authorization to be used for the exclusive purpose of developing radio equipment for export to be employed by stations under the jurisdiction of a foreign government?                     |                |                                                                                                            |                                        |
| <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No                                                                                                                                   |                |                                                                                                            |                                        |
| If "Yes", attach as EXHIBIT No. _____, the following information:                                                                                                                                     |                |                                                                                                            |                                        |
| (a) The contract number and the name of the foreign government concerned.                                                                                                                             |                |                                                                                                            |                                        |
| 9. Is this authorization to be used for providing communications essential to a research project? (The radio communication is not the objective of the research project).                             |                |                                                                                                            |                                        |
| <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No                                                                                                                                   |                |                                                                                                            |                                        |
| If "Yes", attach as EXHIBIT No. _____, a narrative statement providing the following information:                                                                                                     |                |                                                                                                            |                                        |
| (a) A description of the nature of the research project being conducted.                                                                                                                              |                |                                                                                                            |                                        |
| (b) A showing that the communications facilities requested are necessary for the research project involved.                                                                                           |                |                                                                                                            |                                        |
| (c) A showing that existing communications facilities are inadequate.                                                                                                                                 |                |                                                                                                            |                                        |
| 10. If all the answers to Items 7, 8, and 9, are "No", attach as EXHIBIT No. <u>1</u> , a narrative statement describing in detail the following:                                                     |                |                                                                                                            |                                        |
| (a) The complete program of research and experimentation proposed including description of equipment and theory of operation.                                                                         |                |                                                                                                            |                                        |
| (b) The specific objectives sought to be accomplished.                                                                                                                                                |                |                                                                                                            |                                        |
| (c) How the program of experimentation has a reasonable promise of contribution to the development, extension, expansion, or utilization of the radio art, or is along line not already investigated. |                |                                                                                                            |                                        |
| SEE EXHIBIT #1                                                                                                                                                                                        |                |                                                                                                            |                                        |
| 11. (a) Give an estimate of the length of time that will be required to complete the program of experimentation proposed in this application.                                                         |                |                                                                                                            |                                        |
| (b) If less than 2 years, give the length of time in months that the authorization requested in this application will be required. SEE EXHIBIT #2                                                     |                |                                                                                                            |                                        |
| 12. Would a Commission grant of this application come within Section 1.1307 of the FCC Rules, such that it may have a significant environmental impact?                                               |                |                                                                                                            |                                        |
| <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No                                                                                                                                   |                |                                                                                                            |                                        |
| If you answer yes, submit an Environmental Assessment required by Section 1.1311.                                                                                                                     |                |                                                                                                            |                                        |

13. List below transmitting equipment to be installed (if experimental, so state):  
**MANUFACTURER**

**TYPE**

**NO. OF UNITS**

MAGNAVOX ADVANCED PRODUCTS  
AND SYSTEMS COMPANY

INMARSAT STANDARD "A"

NON-EXPERIMENTAL

MX2020P

2

14. Is the equipment listed in Item 13 capable of station identification pursuant to Section 5.152?

☐ Yes

☒ No

15. Will the antenna extend more than 6 meters above the ground, or if mounted on an existing building will it extend more than 6 meters above the building, or will the proposed antenna be mounted on an existing structure other than a building?

☐ Yes

☒ No

If "Yes", give the following (See Instruction 9):

(a) Overall height above ground to tip of antenna is \_\_\_\_\_ meters.

(b) Elevation of ground at antenna site above mean sea level is \_\_\_\_\_ meters.

(c) Distance to nearest aircraft landing area is \_\_\_\_\_ kilometers.

(d) List any natural formations of existing man-made structures (hills, trees, water tanks, towers, etc.) which, in the opinion of the applicant, would tend to shield the antenna from aircraft and thereby minimize the aeronautical hazard of the antenna.

(e) Submit as EXHIBIT No. \_\_\_\_\_ a vertical profile sketch of total structure including supporting building, if any, giving heights in meters above ground for all significant features. Clearly indicate existing portion, noting particulars of aviation obstruction lighting already available.

16. Applicant is (check only one box)

☐ Individual

☐ Association

☐ Partnership

☒ Corporation

☐ Other (describe below)

17. Is applicant a foreign government or a representative of a foreign government?

☐ Yes

☒ No

18. Has applicant or any party to this application had any FCC station license or permit revoked or had any application for permit, license or renewal denied by this Commission?

☐ Yes

☒ No

If "Yes", attach as EXHIBIT No. \_\_\_\_\_ a statement giving call sign of license or permit revoked and relate circumstances.

19. Will applicant be owner and operator of station?

☒ Yes

☐ No

20. Give name, title, and telephone number (include area code) of person who can best handle inquiries pertaining to this application.

21. List below all exhibits in numerical sequence and the item number of form requiring the exhibit identified.

EXHIBITS AND ITEM NO. OF FORM

| Exhibit Number | Item No. of Form | Exhibit Number | Item No. of Form | Exhibit Number | Item No. of Form |
|----------------|------------------|----------------|------------------|----------------|------------------|
| 1              | 10               |                |                  |                |                  |
| 2              | 11               |                |                  |                |                  |
|                |                  |                |                  |                |                  |
|                |                  |                |                  |                |                  |

## 22. CERTIFICATION

**ATTENTION:** Read this certification carefully before signing this application.

### THE APPLICANT CERTIFIES THAT:

- (a) Copies of the FCC Rules Parts 2 and 5 are on hand; and
- (b) Adequate financial appropriations have been made to carry on the program of experimentation which will be conducted by qualified personnel; and
- (c) All operations will be on an experimental basis in accordance with Part 5 and other applicable rules, and will be conducted in such a manner and at such a time as to preclude harmful interference to any authorized station; and
- (d) Grant of the authorization requested herein will not be construed as a finding on the part of the Commission
  - (1) that the frequencies and other technical parameters specified in the authorization are the best suited for the proposed program of experimentation, and
  - (2) that the applicant will be authorized to operate on any basis other than experimental, and
  - (3) that the Commission is obligated by the results of the experimental program to make provision in its rules including its table of frequency allocations for applicant's type of operation on a regularly licensed basis.

### APPLICANT CERTIFIES FURTHER THAT:

- (e) All the statements in the application and attached exhibits are true, complete and correct to the best of the applicant's knowledge; and
- (f) The applicant is willing to finance and conduct the experimental program with full knowledge and understanding of the above limitations; and
- (g) The applicant waives any claim to the use of any particular frequency or of the electromagnetic spectrum as against the regulatory power of the USA.

Signed and dated this 27th day of APRIL, 19 92.

Name of Applicant MAXUS ENERGY CORPORATION  
(correspond with name given on page 1)

### NOTIFICATION TO INDIVIDUALS UNDER PRIVACY ACT OF 1974 AND THE PAPERWORK REDUCTION ACT OF 1980

Information requested through this form is authorized by the Communications Act of 1934, as amended, and specifically by Section 308 therein. The information will be used by Federal Communications Commission staff to determine eligibility for issuing authorizations in the use of the frequency spectrum and to effect the provisions of regulatory responsibilities rendered the Commission by the Act. Information requested by this form will be available to the public unless otherwise requested pursuant to Section 0.459 of FCC Rules and Regulations. Your response is required to obtain this authorization.

THE FOREGOING NOTICE IS REQUIRED BY THE PRIVACY ACT OF 1974, P.L. 93-579, DECEMBER 31, 1974, 5 U.S.C. 552a(e)(3), and the Paperwork Reduction Act of 1980, P.L. 96-511, December 11, 1980, 44 U.S.C. 3507.
