Subject: Request for Info - File # 0702-EX-ST-2016

Message:

Hello Behnam!

Thank you so much for the quick turnaround on the review! Please see my answers below:

1. I chose mobile since we would be moving the transmit antenna to that spot, but fixed now makes more sense.
 - a. Address: Kalmar Solutions LLC. Kalmar Terminal Tractors
415 E. Dundee Street
Ottawa, KS USA 66067
 - b. Latitude: 38.635300
 - c. Longitude: -95.26400
2. Sorry about that, it should be 100W max. 1000W came from the very max we can input into the antenna, instead of what we will actually be putting into it.
3. Emission bandwidth: 4kHz BW from a spectrum analyzer, 'A3N'

Please don't hesitate to contact me if you have any other questions.

Best Regards,

Kristine Cabrera
