Behnam,

Walter Johnson instructed me to cancel the previous application (0066-EX-PL-2016) and file under STA, as it is more likely to get a frequency allocation.

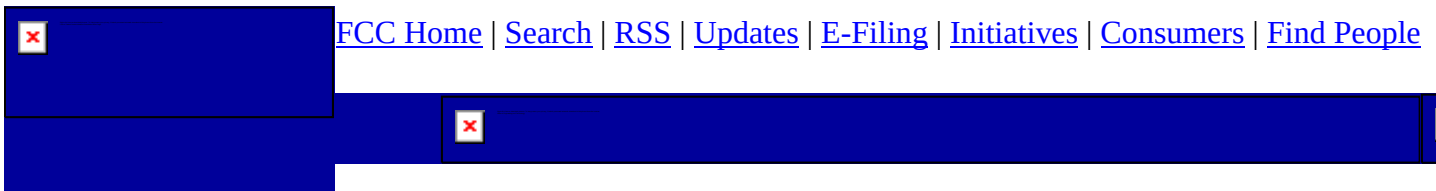

I have created a new FRN for Michigan Technological University - Aerospace Enterprise. Please transfer this application to 0025500687.

I also cannot find the confirmation number that goes along with the application.

Andrew

1. Please explain the reason filing for this STA since there is already a regular experimental application pending. We do not accept multi filings for the same operation.

2. The FRN associated with this STA and your other pending application is registered under your name "Andrew Conley". You will need to request and obtain an FRN to be assigned to MTU since MTU is the owner of the intended operation and shall be the licensee.

The items indicated above must be submitted before processing can continue on the above referenced application.

Failure to provide the requested information within 30 days of 04/18/2016

may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
