Area Code 781
981-4955

Dear Sir or Madame,
Per requirements, this is a notification that we also plan on using our spare unit at times for testing. That spare unit is identical to the existing configuration. It is mounted on a trailer hitch mount rather than under the vehicle so as to enable simple removal of the system for testing when needed. It is otherwise mounted identically (including ground facing at 6" from the ground) and using the same frequencies.

Sincerely,
Byron Stanley
