Subject: Request for Info - File # 0054-EX-CM-2021

---

Message:

Mr. Le

Referencing to your corresponding #60973

1- I couldn't reply using the FCC system because I don't have confirmation # for this file.

2- The application file # 0054-EX-CM-2021 is modification to the File # 0116-EX-CN-2021 Confirmation # EL932158. it's for the same 2.4m antenna. I modified the longitude per your instruction below.

3- I changed the longitude from WL 98-35-03 to WL 98-35-53. Please advise that there will be only one 2.4m antenna from that location.

4- If you need me to send you this email via the FCC emailing system, I will need the confirmation number for this application. I appreciate your continuous support.

Regards

Nahlah Condict
