

Government Contract Description:

Mnemonics, Inc., has been awarded a Federal Railroad Administration (FRA) contract to research and develop passive surface acoustic wave (SAW) sensors using an Interrogator system to wirelessly retrieve data from the sensor. The Interrogator transmits an RF signal, which when reflected from the passive sensor and processed by the system, contains information on a parameter being sensed, e.g. strain or temperature

Government Agency: Federal Railroad Administration (FRA)

Office of Acquisition Services
1200 New Jersey Avenue, SE
Washington, DC 20590

Contract Number: DTFR53-15-C-00001
