To Whom It May Concern:

This is to certify that:

Mobilitie Investments III, LLC ("Mobilitie") deploys and/or manages radio frequency equipment.

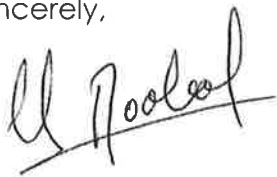

The RF experimentation will be conducted by following a strict Test Plan defined and approved by Mobilitie in a controlled environment.

Mobilitie will have a Project Manager in place to specifically follow the Test Plan, track results, and publish test results.

Mobilitie has extensive RF experience and expertise deploying RF networks and has a number of RF engineers on permanent staff.

For the above reasons, I believe Mobilitie meets the Eligibility criteria for an Special Temporary Authority experimental license as set forth in the Commission Rules.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Roobol", with a horizontal line drawn underneath the name.
