Subject: FCC File No. 1053-EX-ST-2013

---

Message:

Please dis-regard the frequenices in the &quot;mission objective&quot; statement, that was a mis-print.  
The correct frequency range is 5030 to 5091 MHz.

Please let me know if you need any additional infoamtion or if you need me to amend the application.

Thanks,

Rich Hibbeler
