

Momentum Dynamics Corporation Wireless Vehicle Charger

In the above-referenced Form 442 application, Momentum Dynamics Corporation (Momentum) applies for a new experimental license for a new location to test and demonstrate its wireless inductive electric vehicle charger technology. All technical aspects at the new location are identical to those authorized by WH2XNB, File No. 0775-EX-PL-2014, for the Malvern, PA, location. The explanatory attachments to that application are hereby incorporated in this request.
