Message:

Dear Mr.Kennedy,

As a global manufacturer of transmitters (radios) and design for various customers, including PMLR, Maritime, Amateur, NTIA, etc Motorola designs and test radios in the entire VHF band of 136-174 MHz. This is evident in our grant for Equipment Authorization, such as FCC ID: AZ489FT3799, FT3801, FT3803, etc.

Also, my telephone number is 954-723-5793.

We that the above satisfies your requirments.

Sincerely,

Mike Ramnath.

FCC Liaison
