Message:

A request to withdraw the above-referenced application, initially submitted April 16, 2014, on behalf of Motorola Solutions, Inc., has been uploaded to the Experimental Licensing System ("ELS").

The company understands that the ELS does not have an option to indicate that the application has been "withdrawn" and, thus, the database will indicate instead that the application has been "Denied/Dismissed." The company further understands that such action is "without prejudice."
