

Non Interference Statement

In accordance with Condition 4 of the experimental Special Temporary Authority issued under Call Sign WH9XSI, File No. 0603-EX-ST-2014, this is to advise the FCC that its proposed operation has a low potential for interference with FirstNet operations or those approved to operate in Band 14 per license (i.e., BTOP licensees) for the reasons stated in the technical showing included with the narrative attached to the underlying application.
