Thanks Chuck. I believe Mr. Ghaffari can upload your e-mail response as an exhibit in ELS for you.

John,

Yes, this is an accurate explanation for why we need the 18kHz emission designator. Let me know if you need us to upload a more formal response to the application, including requesting a change of the code on the application from "XD" to "XE".

Regards,

Chuck

Mr. Powers,

Please confirm that the need for the 18 kHz bandwidth is for testing a land mobile terrestrial trunked radio system solely for export to Europe.
