Special Conditions:

- (1) The station identification requirements of Section 5.115 of the Commission's Rules are waived.
- (2) Operations in this band must be coordinated with the existing and future users to avoid interference.
- (3) Operation under this license is only for testing and demonstrating 4.9 GHz public safety equipment.
- (4) Base stations may be located within a 24 km radius of the specified coordinates with the associated mobile radius of 32 km around the base.
- (5) This license supersedes previous grants to clarify the area of operation.
