To Whom It May Concern:

This is to certify that:

Murray City School District (MCSD) deploys and/or manages radio frequency equipment.

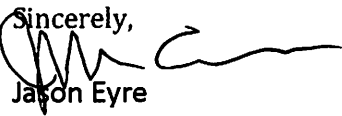

The RF experimentation will be conducted by following a strict Test Plan defined and approved by MCSD in a controlled environment.

MCSD will have a Project Manager in place to specifically follow the Test Plan, track results, and publish test results.

MCSD has extensive RF experience and expertise deploying RF networks and has a number of RF engineers on permanent staff.

For the above reasons, I believe MCSD meets the Eligibility criteria for a Special Temporary Authority experimental license as set forth in the Commission Rules.

Sincerely,

Jason Eyre
Technology Department Coordinator
Murray City School District
