Re: Navini Networks request for Special Temporary Authority For Operations on Channel D# in Las Vegas, Nevada January 7-11, 2007

Dear Sir or Madam:

SuperChannels of Las Vegas, Inc., a wholly-owned subsidiary of Sprint Nextel Corporation (collectively "Sprint Nextel") is the licensee of Broadband Radio Service ("BRS") Station B245 and is the lessee of a "grandfathered" lease with the licensee, the Clarendon Foundation, for Educational Broadband Service ("EBS") Station WLX803.¹ Station WLX803 has geographic service areas covering Las Vegas, Nevada and has a channel assignment including Channel D3 (2578 – 2584 MHz).

Sprint Nextel hereby concurs with the associated request for Special Temporary Authority ("STA") filed by Navini Networks ("Navini"). Navini requests the STA to allow for operations on Broadband Radio Service Channel D3 during a Consumer Electronics show scheduled from January 7, 2007 through January 11, 2007, at the Sands Expo Center 201 East Sands Avenue, Las Vegas, Nevada. Navini will operate with an EIRP under one watt inside the Sands Expo Center. Sprint Nextel and Navini will coordinate their respective operations on Channel D3 to ensure there is no interference to either party.

Accordingly, Sprint Nextel supports Navini's request for an STA to operate on Educational Broadband Service Channel D3 in Las Vegas, Nevada from January 7-11, 2007. If there are any questions regarding this matter, please contact me at (703) 433-4222.

Sincerely,

Robert H. McNamara
Director, Spectrum Management
