Subject: Additional Information Request

Message:

1) The applicant is missing the Earth-to-space transmit frequency in the NTIA Space Record Data form. Please correct the omission and resubmit the document.

Answer: This has been corrected and the revised document has been submitted.

2) The Earth station, and associated Earth-to-space transmit entry is missing from the Form 442. Please provide an explanation or include this information in an updated Form 442.

Answer: The exhibit Ground Station License Reference.pdf has been added as an exhibit to the application. The explanation is that the Earth to space beam is licensed under a separate license.

3) Provide the Globalstar companion license file number.

Answer: The Globalstar companion license file number is 0215-EX-ST-2021. An exhibit stating this has been added to the application.
