Subject:

FCC File # 0004-EX-PL-2006

Message:

Hi Mr. Kennedy,

Confirming our communication on Tuesday, April 11 2006 Neptuno Media needs the 16 km radio because the devices will be temporary fixed within the 16 km radio of the reported coordinates.

The justification to use 240 devices under this experiment is because of the topography(lots of mountains or rural areas) on the island. We need to confirmed that the devices works and communicate properly.

Thanks,

Jose J. Robles Estrella
