Gentlemen,

One question that has been raised, is the applicant able to notch out frequency bands where no transmission are sent in those bands?

The Federal Communications Commission has provided to NTIA for coordination, a Special Temporary Authorization (STA) requested by NIITEK, Inc. in Dulles, VA, San Luis, AZ, Charlotte, NC, and San Diego, CA during the period 08 December 2015 thru 31 May 2016. See attachment for frequencies and details. This STA is being provided to you in order for you to assess any potential impact of this STA to your agencies operations. In order for NTIA to provide timely comments to the FCC request, all comments and/or concurrence must be provided to this office by close of business 08 Dec 2015. Any agency not replying is considered to be in concurrence with the proposal.
