Subject: RE: Special Temporary Authorization Application (STA) - Experimental

Nortel Networks hereinafter referred to as "Nortel", wished to apply for an Experimental STA to showcase Nortel's Long Term Evolution (LTE) technology at CTIA Wireless 2007 in Orlando, FL, March 26th – 29th. The equipment consists of a base station transceiver radio, antenna and subscriber terminals to operate in the 1920-1925 MHz & 2110-2115 MHz range using the LTE communications protocol. Nortel is requesting this experimental STA per the requirements and guidelines set forth in 47 CFR §5.55 and §5.56.
