John,

1. Perry Langfitt of Northrop Grumman reviewed the applications today and informs me that no confidentiality is required for any part of the application, other than the classified material that was transmitted by secure FAX to Jeffrey Kam.
2. The application fees were paid; the receipts therefore are attached to this email.

Please let me know if anything additional is required, thanks.

Dave

Mr. Siddall,

No fees have been paid for either application and both need to be paid forthwith. Also, has there been a decision on the confidentiality issue? In other words, can we make both applications and their exhibits non-confidential? The engineer who is assisting me in processing these applications may not be able to complete them in a timely manner if we tarry much longer.

John,

I am researching the issue about which we spoke on Friday. I also want to make sure you had the stop buzzer information conveyed below. Thanks.
