

### **Description and Contract Information**

Pursuant to Part 5.61(b) of the Commission's Rules, Northrop Grumman Ship Systems, Inc. ("NGSS") is timely filing this Form 442 application to request an experimental authorization to cover facilities currently covered by the grant of Special Temporary Authority under Call Sign WC9XYT, which will expire on January 24, 2008. NGSS seeks this experimental authorization to continue to test radio equipment aboard the National Security Cutter being build for the U.S. Coast Guard's Deepwater Program, under contract number DTG23-02-C-2DW001.

NGSS also hereby incorporates into this application by reference the exhibits it filed under File No. 0369-EX-ST-2007.<sup>1</sup>
