Nimesh,

Northrop Grumman provides the following USGOV contract number and point-of-contact related to this application and to the MAG frequencies in particular.

Contract Number : [FA8600-22-C-9053](#)
POC : David Little, david.little.13@us.af.mil

Please let me know if this does not lead to clearing up this matter.

Thanks.

Dave

David,

There has been questions regarding the MAG renewal records. Please address them ASAP.
M386.629, M390.495, M392.438, M394.4, M396.372, M398.344

*"I finally got a hold of the correct POC for the assignment in question. This is a government sponsorship out of Wright Patterson. They do have a contract number from them. They thought because they have proximity to our installation, that they could put me as a POC for help. We are not associated with this program nor is a 45 SLD endeavor. **They are either going to proceed by submitting a new FCC proposal or going through Wright Patterson Spectrum Manager to obtain an NTIA RFA under the contract number.** But this assignment won't be used by them anymore. Let me know if you have any questions."*
