

Description of Modification

Northrop Grumman Systems Corporation ("Northrop Grumman") is filing this Form 442 application for the modification of the experimental radio station license under Call Sign KA2XNO to request modification of the license to allow Northrop Grumman to operate the facilities authorized under Call Sign KA2XNO for the additional contract specified below from July 2006 until November 2008.

- Contract number LW-WW/4600001075 with the North Atlantic Treaty Organization ("NATO") to refurbish and test AWACS antennas. The customer's name and address are: NATO Maintenance and Supply Agency, L-8302 Capellen, Grand Duchy of Luxembourg. The contact person for the contract is Mr. Dino Alessandri (Tele.: 011-352-3063).

Northrop Grumman requests no changes to the technical parameters of the current renewed authorization granted by the FCC under file number 0161-EX-RR-2005 on February 22, 2006. Northrop Grumman will continue to use the facilities authorized under Call Sign KA2XNO to design, test and construct equipment pursuant to United States Air Force contract number F19628-94-C-0004, as previously disclosed to the Commission, in addition to the new NATO contract specified above.
