

Description of U.S. Government Contract

Northrop Grumman Systems Corporation (“NGSC”) requires this experimental radio station authorization because it has been contracted by the Defense Advanced Research Projects Agency (“DARPA”) under Contract No. HR0011-06-C-0144 to develop and test an Active Electronically Scanned Array (“AESA”) radar. NGSC is scheduled to commence testing on September 1, 2007, and, therefore, NGSC respectfully requests grant of the authorization on or before September 1, 2007. The DARPA contact person for the contract is Mr. Michael Blackstone, 3701 Fairfax Drive, Arlington, VA. 22203-1714.
