

Northrop Grumman Systems Corporation
Form 442 for Modification of WA2XON
Attachment

Northrop Grumman Systems Corporation

Northrop Grumman Systems Corporation (“NGSC”) is applying to add Linthicum, Maryland, as a new location to authorization WA2XON. The equipment and emissions at the new location will be identical to those authorized by WA2XON at Melville, NY. At both locations the operations are required by U.S. Navy contract, the updated number for which is N00024-10-C-5341.
