

Request for Experimental Authorization

Northrop Grumman Systems Corporation ("Northrop Grumman") requests a 1-year Experimental Authorization to replace Special Temporary Authority ("STA") WE9XRA to continue testing pursuant to Army Integrated Air and Missile Defense (IAMD) contract number W31P4Q-08-C-0418. The STA is necessary to test the Harris HNRe2 equipment to operate on 4.512 to 4.987 GHz, with 0.6W output into a 11.5dBi antenna (EIRP of 8W).

The Stop Buzzer for this program is Mr. Daniel Robinson, office (661) 272-7033; mobile (661) 480-8092.
