

Northrop Grumman Systems Corporation

SUPPLEMENT TO ATTACHMENT 1

Northrop Grumman Systems Corporation ("Northrop Grumman") hereby provides this supplement to its original request for special temporary authorization filed on September 27, 2012, File No. 0775-EX-ST-2012.

Attachment 1 of Northrop Grumman's original filing indicated that Northrop Grumman would deploy five (5) base stations, two (2) in Northern Virginia and three (3) in New York City. However, Northrop Grumman has determined that it can operate the trial network with just four (4) base stations. This Supplement amends the application to specify the locations of the two (2) base stations in Northern Virginia and the two (2) base stations in New York City.

Northrop Grumman also amends the application and the original Attachment 1 to reflect a new operation start date. If granted, the operation start date will be May 1, 2013 and the operation end date will be November 1, 2013.
