Subject: Request for Info - File #0571-EX-PL-2012

Message:

You have filed a Form 442 requesting a period of operation of six months. Requests such as this should be filed as STAs. Regular license applications require more extensive coordination with NTIA. This request should be refilled as an STA to speed coordination.

Also, the STA was approved for a fixed location. This application requests mobile operations. Are the operations operated in a truly mobile fashion or are transmissions operated from fixed locations within the 20 km radius?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of November 02, 2012 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
