Washington, D.C. 20554

December 08, 2015

Attn: Alexander Shim
NovaWurks Inc.
10772 Noel Street
Los Alamitos, CA 90720-2548

DISMISSED-WITHOUT PREJUDICE

Dear Alexander Shim,

This refers to application, File No. 1177-EX-ST-2015, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. The FCC is not able to approve your request to operate the SIMPL satellite. The current satellite status is not the same as originally filed with the FCC. NASA denied the use of Novawurk's 2 GHz control link and the SIMPL satellite now lacks positive control of its propulsion activities. The FCC cannot recommend a finding that a grant is in the public interest for a mission lacking this basic safety feature.

Responses to this correspondence must contain the Reference number : 30350

Sincerely,

Nnake Nweke
Chief
Experimental Licensing Branch
