Subject: Additional Information Request

Message:

Please address the following questions and concerns:

1) The Antenna Location #5 in your application has geographical coordinates for Manassas, VA but the Mobile area of operation suggests Port St. Lucie, FL. Correct this.

2) Change the language in your exhibit from requesting STA to conventional license. You have filed for conventional 2 year license request.

"O3b hereby seeks an experimental special temporary authority to test and demonstrate the capabilities of three satellite antennas, which will eventually support communications on mobile platforms, including aeronautical and maritime services."

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of June 14, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
