Daniel N. Aloï, Ph.D.
Director
Applied Electromagnetics and Wireless Lab
Oakland University
102K Science and Engineering Building
Rochester, Michigan 48307

Dr. Aloï:

Subject to the terms of this letter, Sirius Satellite Radio Inc. consents to Oakland University ("OU") broadcasting in the frequency spectrum band ranging from 2320.0 MHz to 2332.5 MHz solely for antenna range testing as detailed in OU's experimental license application to the Federal Communications Commission (FCC File # 0133-EX-PL-2007). Sirius' consent is expressly conditioned upon OU demonstrating, in a manner satisfactory to Sirius in all respects, compliance with Sirius Satellite Radio Range Certification Specification RX000079 prior to commencing broadcasting.

Sirius reserves the right to withdraw its consent at any time and for any reason. Should Sirius withdraw its consent, OU agrees to immediately discontinue transmitting in the 2320.0 MHz to 2332.5 MHz frequency band.

Regards,

Terrence R. Smith
Senior Vice President, Technology
