Pittsburgh, PA 15251-5320

Attn: M. John Morgan, Chief

Dear Mr. Morgan:

Attached is an application for an Experimental Radio License to support our research efforts. The purpose of the application is to use High Frequency Ground Wave Radar to measure and monitor large Gulf of Mexico currents and water waves. As noted in the application the final site has not been selected, but it will be on the Louisiana coast. Our sponsors are helping us to define the specific site. Once the site is selected it will be submitted to you for FCC approval.

A check for \$45 is also attached for the application fee. Please let me know if there is any other information which I can provide.

Sincerely,

A handwritten signature in black ink, appearing to read "Billy L. Edge".

RE: NH, RM 264-A
MS 1300 – E1

Dear Ms. Hey:

Please find attached a copy of the application we submitted to your office November 7, 1995, for an Experimental Radio License and a copy of your notice referring to our application no. 5033-EX-PL-95. To complete the application we needed to supply the location of the site. Unfortunately, it has taken much longer than anticipated but we do now have a site. The installation would be at Grand Isle, Louisiana. I will be happy to provide latitude and longitude if needed.

Thank you for helping us get this processing underway again.

Sincerely,

A handwritten signature in black ink, appearing to read "Billy L. Edge", with a long horizontal flourish extending to the right.

Mr. Paul L. Marrangoni, Chief
Experimental Licensing Branch
Federal Communications Commission
Washington, DC 20554

Dear Mr. Marrangoni:

Please find attached our application, File No. 5033-EX-PL-95, for an experimental license. The application is attached to your letter dated April 18, 1997, which was postmarked from your office November 25, 1998.

We would like to have the application reinstated and considered. Please note that we have added the latitude and longitude as requested by Ms. Nancy Hey on August 31, 1998. A copy of the e-mail to her is also attached.

Based on my correspondence with Ms. Hey, I presumed that that application was still active until I received your letter. Would you please process this application at your earliest convenience. If there are any questions, you can contact me at the above address or e-mail me at b-edge@tamu.edu.

Sincerely,

A handwritten signature in black ink that reads "Billy L. Edge".
