RE: Renewal of Special Temporary Authority KS2XAN (file number S-3377-98)

Dear Sir or Madam:

Omnipoint Technologies, Inc. ("OTI") hereby requests renewal of its Special Temporary Authority ("STA") originally granted under call sign KS2XAN, file number S-3377-98.

OTI desires to continue operation of fully approved (type accepted) IS-661 equipment in and around Colorado Springs, Colorado for an additional six month period beginning November 5, 1998. Operation of this equipment is necessary to identify and resolve problems with the IS-661 network.

OTI's agreement with the F-band license holder for Colorado Springs (Omnipoint Colorado Springs F License, LLC, held by Omnipoint Corporation, OTI's parent company) will permit OTI to operate in the F-band throughout the STA renewal period.

Enclosed please find a fully executed FCC Form 159 (Remittance Advice) and a check in the amount of \$45. Should you have any questions regarding this matter or require further information, please do not hesitate to contact Lawrence Oby at 719-548-1200 or via email at loby@omnipoint.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Blake Butcher", written over a horizontal line.

Blake Butcher
