Subject: Additional Information Request

Message:

The experimental license is meant for satellite launched under the authority of USA. We are unable to authorize a Rwanda Satellite. You can withdraw the STA request or if you decide to file just for the ground terminal then revise your STA request and remove the satellite transmit frequency from your application and remove any description that suggests that you are requesting a license for an experimental LEO satellite. Provide further detail about the ground terminal.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of June 08, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
