Subject: 0004-EX-CN-2018 pre-coordination data request

Message:

A document containing a frequency coordination and interference analysis report has been submitted as a pdf attachment. It was uploaded twice since it was not showing up under "view exhibits" in the generic search.

This report has been used in the past to grant a license for these frequencies. Please let us know if this covers the FAA coordination requirement, or, if any additional documentation is needed, the specific details as to the data required.

Please call Deependra Pokharel at 703-948-8020 for specific technical questions, or email deependra.pokharel@orbitalatk.com

Thank you.
