Subject: Additional Information Request

Message:

Please provide answers to the following questions in order to be able to evaluate your STA request

- 1) What orbital parameters will the Cygnus spacecraft be using during this extended mission duration (after the separation from the ISS)?
- 2) What ground stations will be used to support the Cygnus during this extended mission duration?
- 3) What are the operational characteristics of the ground station uplinks used to support the Cygnus during this extended mission duration (location, transmit power, antenna gain, EIRP, Emission BW, etc.)?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of August 13, 2019 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
