

FCC Attachment Form 442, Question 4  
File #'s: 0196-EX-PL-2007

OSU/UML is contracting with SPAWARSCEN Charleston to provide various sensor test and evaluation services on behalf of USSOCOM and other government entities under contract N65236-07-D-7878 which was awarded on 28 March 2007. In anticipation of this contract award, SPAWAR Charleston has let four separate purchase order contracts to initiate test activities. Additionally, the prime OSU/UML contractor has ongoing delivery orders under contract N68786-04-D-8912 that support USSOCOM activities associated with the Foreign Comparative Test (FCT) program and the Defense Acquisition Challenge program (DAC). These FCC licenses are necessary for work planned by the Program Executive Officer - Intelligence and Information Systems (PEO IIS) directorate and the Program Manager, PSYOP division at USSOCOM. The RF testing work will be performed under contract N65236-07-D-7878 requested under these licenses
