Subject:

FCC File # 0223-EX-PL-2005

---

Message:

Mr. Kennedy,

Per your request:

All operations will be temporary fixed, meaning that both base station and CPE antennas will be mounted on rooftops or other structures during the tests, and will not be in motion. Maximum antenna height at any location will be no more than 30 meters; no more than 6 meters above any building or structure, and if mounted on the ground, it will be in accordance with FCC and FAA rules and regulations.

Regards,

Gary Matthews, Founder
