Message:

We will need to notch out multiple bands including any aviation or other government bands. Please identify the actual bands that you wish to use between the 850-1900 MHz spread. This will help expedite the review and approval. You can modify the data and also include a pdf exhibit with the listed frequency sub bands as well.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of November 30, 2015 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
